Balloon promotion dropped by Chamber

The Haliburton Highlands Chamber of Commerce has officially abandoned the hot air balloon promotion that was to have seen a hot air balloon flown over Toronto shopping malls this spring and summer.

The decision was reached by Chamber directors at a meeting July 12. According to Chamber manager Bob Stinson, volunteers who had pledged money to finance the scheme informed the Chamber that they were no longer able to commit the funding. Strong winds this spring, meanwhile, forced

cancellation of the first two attempts to fly the balloon at the 16 Toronto malls that were earmarked for the project.

All cash received by the Chamber for the project has been refunded.

Stinson told The Times that inclement weather had grounded balloon owner Steve Bowskill's initial attempts to fly the balloon this spring. "I don't think Steve (Bowskill) realized when he put the program together the kinds of problems that can come up with these big balloons. It has

been a particularly windy spring, which has kept the balloon on the ground."

Stinson also said that Chamber members who had volunteered to fund the project were unable to continue with the project because of personal financial commitments. "Some of our members have been asking for refunds," Stinson said. "They've told us that, even though the balloon promotion is still a great idea, they've committed their dollars to other things. From the

Council to seek special hazard land zoning

Anson, Hindon and Minden council has arrived at a plan to avoid a confrontation with the MNR over hazard land zoning, but residents of South Water Street in Minden have already expressed opposition to the move.

Under the terms of the newly released Ontario Flood Damage Reduction Program, Minden is eligible for a "special policy area" designation by the government, a policy that would recognize flood hazards along the Gull River without jeopardizing future land development in the downtown core. At a special meeting with MNR officials

Gloria Lemieux told council that no flood hazard exists in the downtown area, but Donahue and Ed Pergolas disagreed.

floods because I have a picture of it," Donahue told Lemieux. Pergolas added, "We can't very well disregard a flood hazard when the MNR has photos of flooding downtown." Pergolas went on to say that the special policy area status was "the only option open to the municipality," a sentiment echoed by councillor Lyle McKnight later in the session. Donahue agreed with Pergolas' stand, pointing out that if the status is refused by the province, it would weaken the MNR's argument that there is a flooding hazard to be dealt with.

Donahue told councillor Lyle McKnight, "If the special policy is turned down, you

have no options. Present your by-law as it is to the OMB. We (the MNR) might be less vehement about our position on hazard land; it would definitely weaken our argument to have the special policy area refused." Donahue also said that, since Minden does not have an official plan to deal with flooding hazard problems, the special policy was the "only way" to deal with the problem, and that he could not see how the application could be refused.

Minden council has been seeking a solution to hazard land zoning since work on the new zoning by-law began last year. In the course of the discussion surrounding hazard land it has been suggested that the special zoning could extend from

(more on page 2)

A choice

see page 4

July 29, Minden council moved to apply for the special status, but South Water Street residents present at the meeting argued that there is no flood hazard in the downtown core and that the special policy will hurt property values along the Gull.

According to MNR representative Brian Donahue, the special policy area status will allow downtown development to proceed as usual. "Even though certain areas downtown may be subject to flooding, the special policy status will allow development and redevelopment downtown to proceed," Donahue told the Thursday meeting. Donahue also told the group that the application for the special status would not commit any municipal funds. "The resolution you have to pass simply says you're interested in the program. It's not a commitment to spend money on an engineering study," Donahue told the meeting.

Some six residents of South Water Street who attended the meeting, however, disagreed with Donahue's assurances. Stan Blears told Donahue, "I don't know what the MNR knows about real estate, but they are trying to control ours. I live in a house that is one hundred and twenty-five years old, and it hasn't been damaged by floods yet." Both Blears and

Sunday opening upsets merchants

Minden merchants have expressed concern over the Sunday opening of the Minden Red and White store, but store owner Mike Easton says he is not trying to put anyone out of business with the new hours.

Easton and store manager Bill Kulas met with Minden council Monday night to discuss objections received by the municipality over the store's new Sunday hours, 12 p.m. to 5 p.m. The Sunday hours, which have been in effect since July 18, are threatening the livelihood of smaller, convenience stores in the Minden area, according to some merchants. Easton argued that the two kinds of operations can and do exist side by side.

"Why should we be restricted because of our size?" Easton asked council during the Monday meeting. "We are not trying to break a law, we are simply trying to provide a better service for our customers," Easton said.

In 1980 Minden council drafted a by-law that would have prohibited stores of over 1500 square feet in size from

opening on Sundays. When both Dollo's IGA and the Red and White stores agreed to remain closed, however, the by-law was shelved. Small operators in the Minden area are now asking that the by-law be re-instated to protect their businesses, a challenge Easton says he is willing to meet.

Easton told the group that he was prepared to cordon off part of the store to bring the operational area of the store within the 1500 square foot limit laid down in the by-law. Easton also pointed out that neither he nor store manager Bill Kulas could recall being consulted on Sunday store hours when the by-law was being prepared in 1980.

Both Lyle McKnight and Doug Pritchard agreed, however, that Sunday store hours for the Red and White would jeopardize the business of smaller stores in the area. McKnight told Easton that "convenience stores rely on weekend and Sunday business to stay open. With the opening of a big store, a lot of

(more on page 2)

Balloon promo grounded

(from page 1)

Chamber's point of view, we've decided that we can't keep hanging on forever and ever. We had to make a decision one way or another, so we decided the project had to be dropped," he said.

Bowskill has had problems of his own in Haliburton. Following his request for permission to fly the balloon at the base of the Skyslider ride this summer, Dysart council introduced very strict regulations to govern the use of the balloon, and it now seems doubtful that the balloon will be put into regular service this summer.

Bowskill's company, Skyline Rides, has absorbed all costs of the project, including the cost of producing the 26-foot banner that was to have been flown on the side of the balloon. The banner, which reads, "Haliburton Highlands, Yours to Discover" is

currently staked out on the hill adjacent to the Skyslider ride.

Despite disappointment that the program has been dropped, Stinson is still optimistic about the spirit behind the idea. "I'm certainly disappointed that it didn't come off," Stinson said Monday, "but it was awfully gratifying to see the kind of backing we can get for projects of this kind. There are people out there who believe in putting their money behind promotional schemes. The balloon project has been a worthwhile exercise from that point of view."

Although Bowskill is still hopeful the project can be carried out in the fall, Chamber directors have said they can not be assured of collecting the \$8,000 in pledges necessary to finance the flights.

Special status for Minden

(from page 1)

downtown to the municipal arena. Land adjacent to the Gull River and Beaver Creek was suggested by one MNR official as being potential flood area.

Objections to the proposed zoning was so strong that the hazard land zone in the municipality's new zoning by-law was cut back to 66 feet on either side of the Gull River, a plan which in turn drew objections from the MNR when the zoning map was circulated to ratepayers earlier this year.

Under the special policy program, the MNR and the Ministry of Municipal Affairs and Housing consider the municipality's request for the special status before deciding on whether there is sufficient cause for the status to be granted. If the results are positive, the municipality carries out an engineering study to determine the extent of the flood plain of the Gull River. The provincial and federal governments provide 90 per cent of the funds for the study. Areas found to lie within the flood plain fall under the guideline of the Flood Damage Reduction Program, which calls for raised door sills and other flood proofing measures to be provided on all new buildings constructed in the area. Flood proofing measures carried out within the flood plain may also be funded by provincial and federal money, according to Donahue.

Pergolas also expressed concern over the fate of empty lots in the downtown core. "The lots we're worried about are the empty lots in the flood area that could be washed out if a flood did occur. These

owners have paid taxes for years, and if an MNR study finds their lots to be in the flood plain, they could come after the municipality for the money," Pergolas told Donahue. In response to further questions from Pergolas, Donahue conceded that severances, rezoning and subdivisions downtown could be held up by the MNR while the hazard land issue remains unsettled, although Lyle McKnight added that the Ministry has objected to severances in the downtown core even under the old zoning by-law.

One other concern voiced by the South Water Street residents was the control of water levels by the Orillia Water Light and Power dam on the Gull River north of Minden. Blears told Donahue that the Trent Severn Canal system was controlling water levels throughout Haliburton County. While Donahue confirmed that the dam was not constructed for flood control, Blears responded that it should be, and that better control of the dam could alleviate flooding hazards on the Gull River in Minden.

Donahue assured council that the steering committee of the Flood Damage Reduction Program would be meeting August 28 to review applications for special policy status. He told council that the results of their application would be known at that time.

While council ended the two hour special session by passing a motion to apply for special policy area designation, one South Water Street resident suggested that the group should withhold its taxes until the issue is settled.

Minden council now firmly behind new county status

Dropping the "provisional" status of Haliburton county will affirm Minden's position as county seat, says a senior policy advisor with the Ministry of Municipal Affairs and Housing, and Minden councillors now agree that the move will be beneficial for Minden.

At a meeting last Monday night in Minden, Ministry advisor Ted Foster told Minden councillors that the hamlet has "everything to gain" from Haliburton assuming full county status. The meeting with Minden council was one of several Foster has held with municipal councils in the county as information sessions on the issues surrounding a new county status for Haliburton.

Although he could not guarantee that a courthouse or jail would be built in the county in the event of the provisional status being dropped, Foster also told the meeting that the building should be located at the county seat. Foster told the group that the county's resolution to drop provisional status could include confir-

mation of the fact that Minden is the county seat.

While Minden's status as county seat would be strengthened by a new Haliburton Act according to Foster, fears over the loss of education grants seem to be lessening at Minden council. Foster told council that a

the move. Walker, who along with Foster, attended a meeting of the county council's steering committee earlier in the evening, told Minden council that, although he had registered a nay vote on the change at county council, he had since received "more information"

the province for allowing the use of the area for the provincial park. Foster said Monday that county council has expressed interest in retaining the township for Haliburton county.

Foster also pointed out to Minden council that the Improvement District of Bicroft is in the process of assuming township status, which will bring Haliburton County into line with other full counties in the province.

Foster also said that the "intangible" benefits of full county status could be considerable. In his closing remarks to council, Foster stated, "with respect to tourism and economic development, there could be intangible benefits from dropping the provisional title. Many people who see that title don't know what it means, and they wonder. The mere fact that there is something different about Haliburton's status could be acting as a deterrent for business here. The benefits that may result from full county status are difficult to document, but they may well be important."

Minden's position affirmed

letter from Minister of Education Bette Stephenson, confirming that all education grants will remain in place in the event of a new Haliburton Act, would most likely be available at the next meeting of county council, which is scheduled for August 5. Foster also confirmed councillor Lyle McKnight's view that county council would not initiate procedures to establish the new act until the education grants had been confirmed.

Reeve Lloyd Walker, who has been hesitant to support the change in county status, emerged at the Monday meeting as being receptive to

the move. "I would ask that in the county's motion, a clause be included stating that if there is a courthouse built in the county, it would be built at the county seat, Minden," Walker said.

Foster also reviewed with council the major issues outlined in his June 16 presentation to county council. According to Foster, the unorganized townships of Lawrence and Nightingale, once part of Sherborne, Livingstone and McClintock and now part of Algonquin Park, could be returned to their original municipality, which could in turn receive financial compensation from

Hours

(from page 1)

small stores may go out of business," Doug Pritchard added that Red and White's Sunday hours would take business away from at least three stores in Minden, Mae's, Mike's Milk and Becker's.

Easton countered, however, by pointing out that Mike's Milk store in Haliburton has competed successfully with the Haliburton Red and White store for years during Sunday hours. "Even with us opening Sundays, the small stores still get their fair share of business; everybody does alright," Easton said.

Reeve Lloyd Walker agreed with Easton's stand. "There's no point in having a business if someone is dictating when you can open and when you can't," Walker said.

Easton was told by council that the issue would be discussed again at the August 11 meeting of council. Clerk-treasurer Elinor Burke has been instructed to contact owners of convenience stores to advise them of the meeting.

Man electrocuted climbing hydro pole

A thirty-nine year old man was electrocuted July 20 on Raven Lake when he climbed a hydro pole to investigate an electrical problem at his cottage.

Kenneth Hammond of Aurora was staying at his Raven Lake cottage south of Dorset when electrical problems developed at the site. Hammond then climbed a hydro pole at the rear of his lot to investigate. Police suspect Hammond came in contact with a 7,200 volt transformer on the pole. He was noticed hanging from the pole 45 minutes later. Attempts to revive the man failed.

Coroner Dr. L.B. Pierce found Hammond's death consistent with electrocution. The incident was investigated by P.C. Brian Ladurantaye.

Motorcycle crash

A Stanhope township youth was injured July 19 when he lost control of his motorcycle on Highway 35 and crashed into a ditch.

Seventeen year old Philip O'Reilly took his 1982 Suzuki for a ride Monday night at 10:35 on Highway 35 north of Carnarvon. O'Reilly's cycle struck a ditch and crashed into a rock face, causing \$1,200 in damages to the bike.

O'Reilly was admitted to Minden Red Cross Hospital where he was treated for his injuries and later released. The incident was investigated by P.C. Dennis Potter.

Uninjured

A Florida woman escaped injury when her 1976 Oldsmobile went out of control on County Road 14 last Thursday.

Lucille Kaple, 75, of Lake Placid, was driving in Harbun Township near Haliburton Lake when the accident occurred. Kaple escaped uninjured from the crash, though damage to her car was estimated at \$3,000.

Kaple was charged with careless driving by Constable David Rogers.

A young member of the audience watches intently Thursday afternoon as the Deckhands presented a puppet show at the Minden Library/Cultural Centre. The Deckhands presented two plays and their appearance was sponsored by Ontario Regional Library System and Haliburton County Libraries. Sixty-two youngsters and eight adults took in the free program presented by Karen Vaneyk, Morag Thornton and Anna deVries, all of Kingston.

A sensible choice

Anson, Hindon and Minden council's plan to seek special status for areas of the village susceptible is a wise move despite the objections being voiced. A motion asking for the designation under the Ontario Flood Damage Reduction Program was passed at the July 26 meeting of council.

If accepted, the special status will ensure the future growth of the core area of the community while extracting the municipality from a "no-win" confrontation with the Ministry of Natural Resources.

Anyone with a keen eye can realize that if the Gull River should crest its banks in Minden, that water would spread rapidly through the core area. This fact is the basis for the ministry's objection to the present limited zoning. Denials of the possibility of flooding, no matter how remote, represents an ostrich-like approach to the problem.

The options open to the municipality were few. Eliminating hazard zoning, or limiting it to only 66 feet on either side of the river, were two possibilities that totally ignored the reality of the situation.

This latest approach, if accepted by the province, will allow the community to continue to develop, while at the same time recognizing that the central position of the village is constructed on a flood plain.

We feel sure the provincial government will not wish to see the core wither away because of a policy that was developed long after the community was in place.

The course the municipality has chosen may not please everyone, but it is the only way out of the situation which could have crippled future development in Minden for years to come.

Time to get moving

Now that Anson, Hindon and Minden municipal council has unanimously endorsed the dropping of the county provisional title, we hope the county council can get on with the job of making the change.

Fears of loss of education grants, of the county seat being moved elsewhere, of new facilities (courthouse and jail) being constructed in another community can be laid to rest by the county council. By including in its request to the province that the county will not lose provincial support by the change, by reaffirming the present location of the county seat and requesting that any new legal facilities be located in Minden, the county council will have helped to ensure the support of the Anson, Hindon and Minden representatives.

With that hurdle cleared, perhaps now they can get the resolution endorsed and passed on to the province for final approval.

The time has come to get moving on this matter.

Fishing along the Gull

Policy change needed

- by Bill Scott, M.P. -

As announced in the June 28 budget and discussed in earlier reports from Parliament the federal government deficit for this year is close to \$20 billion.

This deficit is a direct result of the projected spending of \$78.1 billion. In 1968-69 government spending cost each taxpayer \$1,837. This year it will cost us each \$8,211. That is an increase of almost 534% per taxpayer in 14 years, an average of 38% per year, more than triple the worst inflation rate of the period

and four times the pre-double-digit inflationary period.

How do they spend this money? It is time all Canadians joined the opposition in asking the Finance Minister why the Federal Liberal Government spends our money at the rate of \$9 million per hour. An example of an expenditure the Government continues to pour money into its Mirabel

Airport. To date, taxes amounting to over \$700 million have been allocated to keep this white elephant in operation. The Minister of Transport prefers to continue to support it rather than make a decision which might affect any of his caucus colleagues chances of re-election.

While Mirabel has been a thorn in our side for several years it is a fact that a significant portion of the huge spending increase has happened since the 1980

(more on page 8)

The Ingoldsby bridge is a quaint old construction and in its own way part of our aesthetic surroundings. However, the fact that the old construction is rapidly deteriorating; the approaches at each end are a hazard; that the width also is a hazard, particularly in winter; and finally, have you ever really looked at the bridge closely? It is bent and broken, shabby and tired, in spite of many man-hours spent on repair.

Let us look at these points. With the traffic that is constantly crossing the bridge

letters

Editor:

I was sorry to read that there is a possibility of losing the Canoe display at Kandalore Camp to Peterborough. It seems traditions mean little these days. For the past 45 years our holidays, winter, spring, fall and summer were spent at Halls Lake. Kandalore Camp was always associated with canoes, and one would see the trucks carrying the canoes for outings and canoe trips for the kids.

Although for the past 2 or 3 years we have only managed a few days' stay at PineStone Inn, our memories still remain sharp and clear of meeting over-night friends picking up their children at Kandalore.

Many thanks for listening to ramblings of a Haliburton tourist, and best of luck.

Aileen Stirling,
Scarborough.

Editor:

In reply to the letter from Mr. Joe Curtin, July 28, 1982, re: the Ingoldsby Bridge.

Sometimes when something new is to come into a community or some new construction needs to be done, people tend to forget the far reaching effects or the very important necessities that have led up to the decision for such changes.

Fun for All in Stanhope

Another successful edition of the Stanhope Fun Day was held Saturday at the community centre and recreation area on the North Shore Road.

The event drew a large crowd of participants and enthusiastic spectators. The day, a popular attraction for residents from throughout the area featured an activity for just about every age group.

The youngsters were entertained with a field day and decorated bicycle parade in the morning, while adults competed in horseshoe tournaments, dart competitions, or enjoyed a game of darts. During the afternoon there was a dog show, bingo games, an art and crafts display, model rocket launching exhibition, music from the Legion pipe band and a tea for senior citizens, which featured a display of Highland dancing by 9 year old Alaine Brink of Hamilton.

Even Santa Claus braved the warm sunny weather to make a number of appearances during the day, greeting surprised children and keeping his naughty and nice list up to date.

The crowd consumed copious amounts of freshly barbecued beef, hamburgers and hot dogs served up by Stanhope volunteers. Another beef barbecue in the evening drew close to 100, many of whom stayed on for the dance which followed.

Winner of the hind of beef was J. Bricken of Rockside Resort at Ox Narrows, while the side of pork was won by W.J. Green of Halls Lake.

Shannon Mercer and Raymond Miscio proved their prowess on the horseshoe pits taking the championship for the day.

In the dart tournament Russell Morrison and Paul Drummond were first in the team competition. Jeff Drummond and Craig Robinson were second. Leading the mixed teams were Sharon Pearson and Jack Morrison. Sherry Morrison and Barry Robinson were second.

The following were the winners in the dog show competition:

Best dressed: Gaylene (sorry no last name) with her dog Lady was first; (sorry, no first name) Middleton and the dog Mopsy was second; Lisa Lonsberry with Buttons was third.

Smallest dog: Lisa Lonsberry and Buttons first; Simms and Perky second. Perky was also named mutt of the show.

Largest dog: G. Sheppard with Hilda first; Nicole Wallace second; Ray Johnson and Cindy third.

Shortest legs: Kim Johnson with Buttons first; Lisa Lonsberry and Buttons (not related to previous dog) second.

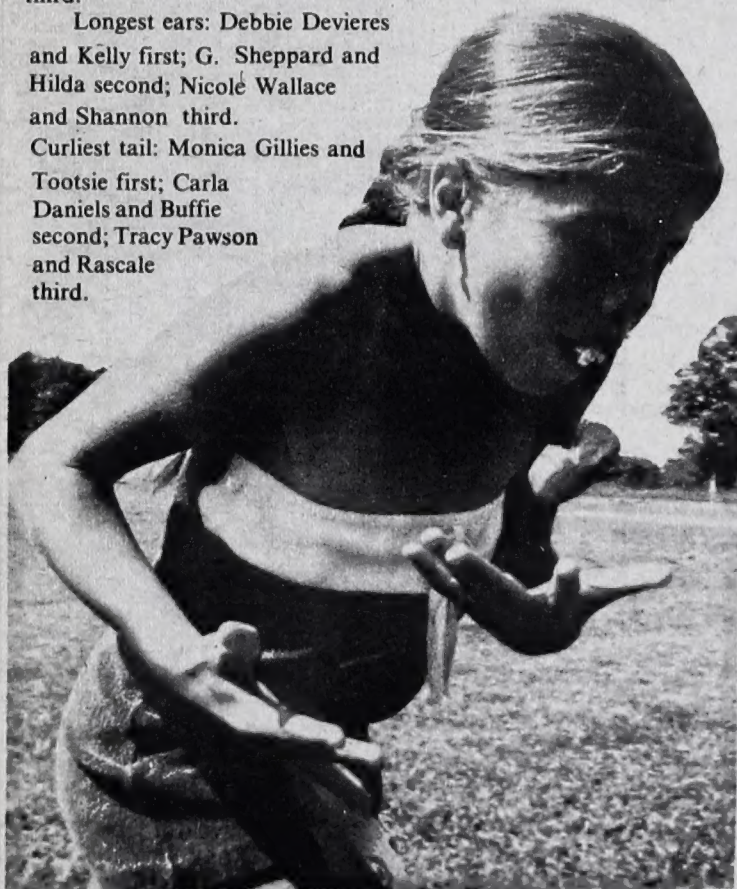

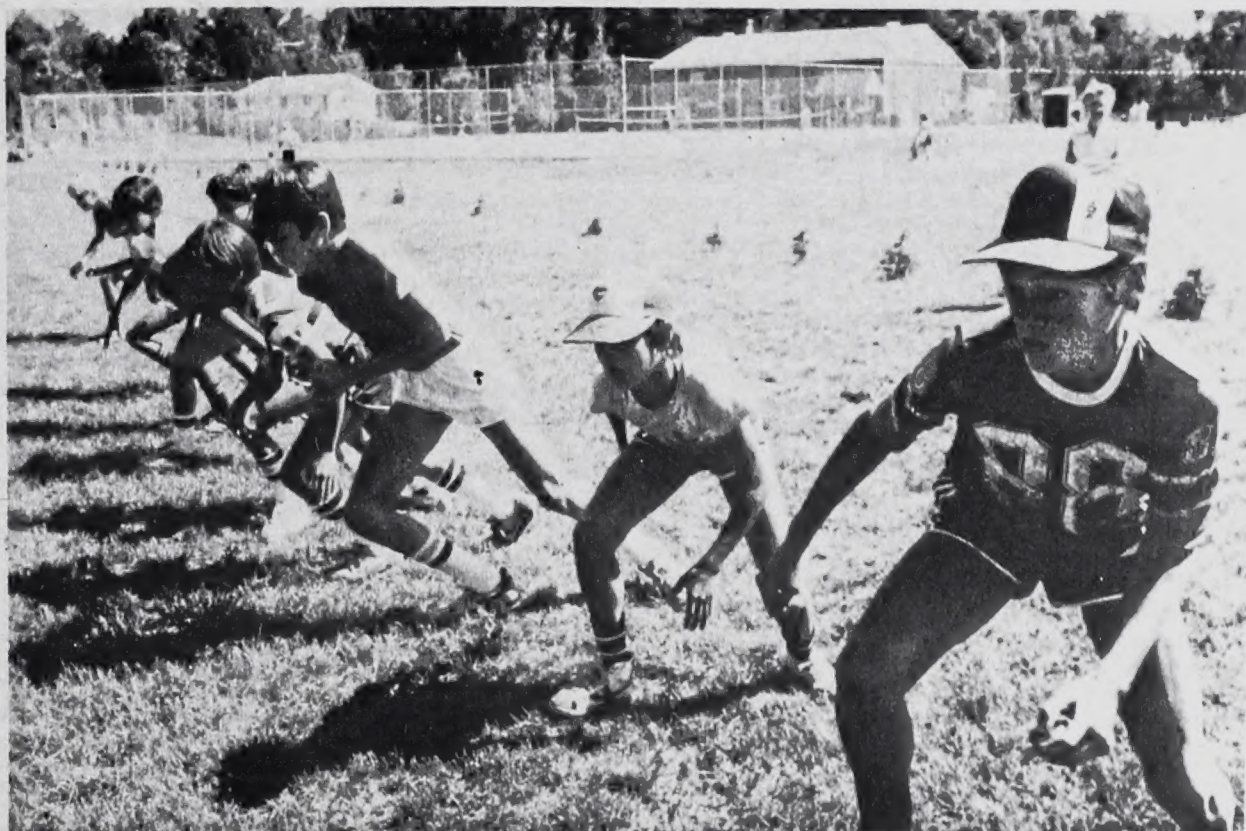

Longest tail: G. Sheppard and Hilda first; Ray Johnson and Cindy second; Nicole Wallace and Shannon third.

Most spots: a tie (it was too hot to count) Debbie Devieres with Kelly and Kim Johnson with Gem.

Longest hair: Stan Walters and Prince first; Lisa Lonsberry with Buttons second; Tammy Harris and Prince third.

Longest ears: Debbie Devieres and Kelly first; G. Sheppard and Hilda second; Nicole Wallace and Shannon third.

Curliest tail: Monica Gillies and Tootsie first; Carla Daniels and Buffie second; Tracy Pawson and Rascale third.

from the chamber

by Bob Stinson

Not too many years ago the Highlands were simply renowned for their beauty and relaxing atmosphere and little thought was given to other "things to do" for visitors. People change, however, and so have the Highlands. Visitors want to get out, see some sights and do a few things besides sitting and admiring the scenery. Fortunately, we have lots of variety to offer in the county.

The Slide Ride in Haliburton Village is one of the more spectacular diversions and this year, with the addition of the all day pass, it has become a very affordable entertainment. Right beside the Slide Ride is the Sky Skater roller rink, housed in quarters that are used for curling the rest of the year. The beautiful new park in Haliburton is drawing many visitors and you will find paddle boats and wind-surfing equipment for rent there. Windsurfing instruction is now being provided at Haliburton Lake by the marina, Halls Lake at Sandy Lane Resort and on Lake Kashagawigamog at Locarno Resort. You can have a boat tour on Lake Kashagawigamog at Locarno Resort. You can have a boat tour on Lake Kashagawigamog too in the Highland Queen, which leaves Deer Lodge daily at 2:00 p.m. Just a little further along the same road is Haliburton Air Service and there you can book an exciting trip around the area by air.

In Glebe Park on the north side of Haliburton the Haliburton Pioneer Museum awaits your inspection with lots of interesting exhibits of our earlier days. The Rails' End Gallery also provides a look at the past where trains served the town plus exhibits of the present crafts and cultural talents of many of our residents. The Caboose beside the gallery serves as our information centre and is worth a visit to get exact directions on where everything is.

Another museum that no visitor should miss is the Kanawa Museum of Canoes and Kayaks at Camp Kandalore on highway 35 just south of Ox Narrows. It is the largest collection of its kind in the world and it is housed in a beautiful two storey log building in the woods. Just north of that location is the Leslie Frost Resources Centre, operated by the Ministry of Natural Resources on Lake St. Nora. Wildlife and nature exhibits, nature trails and many special interpretive programs were featured. Once you have travelled that far up Hwy. 35 it's well worth while to drive a bit further to experience the picturesque village of Dorset, and Robinson's Store. Robinson's was selected as Canada's best country general store by Today magazine last year. The observation tower in

Dorset affords a magnificent view of the Lake of Bays and Trading Bay.

In Minden the new Agnes Jamieson Gallery and Minden Library are located on the Bobcaygeon Road in a very attractive log building. Presently on display in the Gallery is the work of Bruce Mills, who has painted local scenes in his own interpretive fashion for many years. The first week of August will feature an art show and sale featuring various local talents. Roller skating is also available in Minden at the Community Centre which overlooks the fair grounds (site of the County Fair August 21 - 22) tennis courts and ball diamond.

Minden White Water Park on the Horseshoe Lake Rapids just north of Minden is always an interesting place to visit. The Ontario Wild Water Affiliation worked long and hard to create this world class competitive course, which this year will be the site of the third and final event of the Pan-American International Championships for Kayaks, on September 4. If there are no boats testing the rapids when you visit you can still enjoy a pleasant walk along the picturesque rapids on the trails provided.

Excellent Golf facilities exist in the Highlands for those who enjoy that sport. At Minden the Beaverbrook spreads out along the beautiful Gull River just north of Minden and just beyond that you will find Blairhampton on the southern shores of Horseshoe Lake. Overlooking green Lake is Lakeside Golf Club near West Guilford on Highway 118. On the south shore of Lake Kashagawigamog and climbing a spectacular hill overlooking the lake is Haliburton Highlands Golf Club, and just across the lake on Highway 121 is the PineStone Inn and Country Club. That's a total of five great courses all with their own distinct characteristics.

If you are into rocks and gems head over towards Wilberforce and Tory Hill for some of the best Rockhounding in the world. Drop into the Wilberforce Rock Shop right on Highway 648 or the Dwyer Mine Rock Shop on Mumford Road for assistance on where to find the best specimens. The Bancroft GemBoree takes place July 30 to August 2 and the Wilberforce Rockhound Fair is on August 13 to 15.

That's just a few of the things to see and to do that are with us all the time, and in addition we have events occurring regularly which offer considerable diversion. This week for instance the "Western Days" Carnival is underway in Minden and on the weekend the "Gooderham Horseshoe Days" get

underway. In addition to the Horseshoe Tournament which runs throughout Saturday and Sunday there is a Beer Garden, Dance, Talent Contest, Pony rides and a Demolition Derby. Then next week the Haliburton Rotary have their carnival with the parade on Wednesday and a Water Ski show on Head Lake.

On Saturday, August 7 there will be a Mid-Summer Dance at the Minden Community Centre with live entertainment. The Provincial Slalom Championships are also taking place at the Minden White Water Park this same weekend.

And the list goes on.....

Street study

The Roads Committee of Haliburton County Council will be discussing the possibility of assuming Minden's Main Street into the county road system, following a meeting between County Engineer Bill Obee and Minden council last week.

Obee told the group last Wednesday that in practice, the Roads Committee has always excluded streets within hamlets from the county roads system. Obee told the group, however, that the committee would consider the change if an official request were made.

According to clerk-treasurer Elinor Burke, Minden council plan to ask the Roads Committee to consider Main Street as a county road. The plan would call for Main to become part of County Road 2 - Deep Bay Road - in the north and Newcastle Street in the south. The resulting county road would then include Deep Bay Road, Main Street and Newcastle Street to the intersection of Highway 35 and South Lake Road.

Information Resource Centre

The Haliburton Home Support Services received funding this year to operate an Information Centre, which is being operated by Mrs. Leo Dobzensky. They are gathering information on all

types of social and consumer requirements and can be contacted by calling 457-2733.

They are now organizing a Calendar of Events on which they hope to capture all the coming events of the county both large and small for the information of those inquiring. This job has been

Wednesday, July 28, 1982

taken on by a Mr. Jim Wilkinson who may be contacted at home, 457-2409, or through the centre office at 457-2733.

With your co-operation in keeping them notified of your events and who to contact so we can do a much better job of promoting the events for you.

Sergeant Bill Bailey of the Minden detachment displays some of the alcoholic beverages confiscated during the May 24 weekend. Constable Ron Buchanan disposes of the seized liquor at the Minden detachment.

Confiscating liquor keeps the O.P.P. busy

May 24 weekend was a busy one for the Minden detachment of the O.P.P., and almost two months later the work still goes on. Last Thursday officers at the Minden headquarters destroyed all the alcohol seized that weekend in Minden from 51 individuals.

While destroying confiscated liquor is a regular part of the detachment's duties, it takes at least one month after a conviction is made in court before the liquor can be legally destroyed, and sometimes more when court proceedings are complicated. The alcohol poured quietly down the garage drain Thursday - some 14 full and part bottles - was only a portion of the weekend's total booty. While most of the 51 charges laid were for consuming alcohol in public view, more serious charges such as driving under the influence will not be finalized in the courts for months, or sometimes years. The liquor

in question, meanwhile, is securely stored in the headquarter's vault, awaiting its hour before the drain.

Destroying seized alcohol was once the responsibility of Liquor Control Board Inspectors, who carried out the procedure during routine visits to the area. Today the work is done by Staff Sergeant Bill Bailey, with one

he adds. "Just having liquor is certainly not an offence, but consuming it in public view is."

Most of the 51 people charged on the May 24 weekend were attending a rock concert at the Minden arena and drinking in the parking lot. Consuming alcohol in public carries a \$53 fine, while being in possession of liquor in a vehicle can cost those convicted \$78. The May 24 convictions brought in some \$3,500 in fines alone.

\$3500 in fines

witness in attendance to comply with provincial law. Only alcohol is destroyed by the O.P.P., beer must be sent to the Brewer's Retail for disposal.

Minden Constable Ron Buchanan finds that most liquor seizures involve young people. "The vast majority of liquor infractions occur with young people, in the early twenties," Buchanan says. "These are people who want to show off with their beer,"

Disposing of confiscated liquor is a weekly routine at Minden headquarters, and Sergeant Bill Bailey hopes there is a message being heard. Says Bailey, "If enough people realize how much liquor is confiscated every week in Minden, the incidence of liquor infractions might not be so high. We're not trying to stop people from drinking, we'd just like them to mind their p's and q's a little more."

letters letters letters

(from page 4)

as the only reasonable link with the community to the highway, the original construction must be replaced. Picture a school bus with students on board. The residents who live here year round depend on good roads to go to and from work every day, no matter what the weather. The approaches at each end are such that you have to be on the bridge before you can see a vehicle coming.

A two way bridge is considerably more practical to avoid the slithering and skidding on icy roads, with perhaps a fender wrapped around an abutment. (Speed is not always the problem). Thus the broken and bent railings and guards. Too bad people say this community cannot afford a decent bridge.

This 'speed curve' that is proposed is of minimal height. I believe it is called 'banking a curve'. The feature is to add assistance to the vehicle making the curve so it can stay on its own side of the

road, particularly on an icy surface, not on speed. The banked curve does not at all affect the height underneath the bridge, just on the slant on the road itself. There happen to be some very definite laws on bridge clearance as well as other parts of the construction.

For myself and I know many others in the community we have a County Roads Committee to let us know when new construction is needed. That further repair is more costly. The County Roads Department have done a terrific job of road maintenance, but when a road is dead or a bridge's footings and components deteriorate, here is nothing else to do but rebuild, if you are going to consider the end results and above all safety. Also the latest laws for construction have to be adhered to and are considerably more strict than they were in the days when the present bridge was built.

Patricia Burk, Ingoldsby.

Editor:

The subject is garbage.

This summer I have a contract to clean and maintain four road-side parks along Highway 35.

I am pleasantly surprised and appreciative of the care and respect that most of the campers and picnickers display toward these parks.

I am also thankful that nearly all of our local citizens - both permanent and seasonal, realize that these areas are not public dumps.

Unfortunately, a very few people make this job rather unpleasant and often spoil the natural beauty of the parks for others. These are the thoughtless few who leave their household garbage bags in the MTC containers. If this is done after I make my daily pickup, the animals move in and enjoy their picnic but they definitely lack the respect that I mentioned above. The birds are the worst offenders. They peck away at the green bags and spread their treats and deposits all over the parks and

on the sanitized tables.

I understand that garbage is often the last minute nuisance and these locations are more convenient than the municipal dumps. However, I would urge these special few to have more consideration for the travelling public and for the independent contractors who maintain these parks throughout our province.

I would also suggest that local townships - consider providing garbage bins at convenient locations near the highways such as the one now located at the junction of Highways 11 and 118 (the Vankoughnet Road). More facilities such as these would be helpful for all concerned - except the animals.

Jim Hicks, Minden.

Editor:

Haliburton County is in serious trouble, our future survival is at stake. But, there is HOPE and that HOPE is YOU.

The price of oil is high and going higher. It will never come down! The limited supply is being rationed by the oil rich countries to try to make it last longer. The end of oil is inevitable. This makes the car (even a gas efficient one) the most inefficient and most expensive mode of transport (approximately 24 passenger miles per US gallon), next is the bus at 200 passenger miles per US gallon and the best is the train which could go as high as 400 passenger miles per US gallon.

Our economy depends on

people and goods transported into the county by car and / or truck. The bus plays a minor part and now the train is nil. What will happen to us when the costs are prohibitive and people and goods slow down or stop? Look at the number of permanent residences up for sale already. Unemployment is high. The resulting alcohol, emotional, and family problems are increasing. But, there is hope and that hope is you.

The world population is now over 4 billion and pushing quickly toward 5 billion. The UN predicts it could reach 10 billion. The earth cannot support those numbers. Long before the 10 billion is reached wide spread starvation will set in. In trying

(more on page 8)

Bill Scott

(from page 4)

election. Relative to 1979-80, spending has increased by 55%. This year alone it will increase by over 20.2%.

Between March 1, 1980 and May 31, 1981, the government paid out \$3.5 million in taxi fares. This cost taxpayers approximately \$7,000 per day. In the same time period, \$16.7 million was spent on telegrams, cables, etc.. In fiscal 1981-82, eleven departments spent a total of \$10.4 million on food, booze and entertainment.

The Federal Government's information and advertising budget at \$235 million is the largest single advertising account in the nation. The budget of the Canadian Unity Information Office, the Liberal propaganda agency, alone is approximately \$24 million annually with a staff

of 90. In 1981-82 it spent \$32 million. The extra \$8 million was used to convince us that their view on patriation of the constitution was proper. The next time you watch the Grey Cup pre-game and half-time shows remind yourself how much it cost you. In 1981, the Canadian Unity Information Office paid a total of just under \$100,000 of your taxes to sponsor these shows. At a length of approximately one hour a total cost per minute was about \$1,200 per minute. If you did not like the shows last year write to the Canadian Unity Information Office and tell them that as the sponsor of the show you would like to see some changes made.

You may say that all this was before Mr. MacEachen thought up the 6% road to recovery. Well it has just been made public that between

May 30 and June 10 of this year civil servants took 36,000 air trips, 1,500 of them out of the country. This does not count flights by the Department of National defence and External Affairs. Assuming a modest average cost per flight of \$200, this is \$7.2 million in 37 days, or \$5.8 million per month. This in the period in which the budget was being prepared.

We also have just learned that an assistant secretary to the Cabinet has been sent to the French Riviera to learn french at a cost of \$12,000, plus her salary. Possibly she also took with her one of the new briefcases, recently pur-

chased at a cost of \$500,000.

These examples alone cost us about \$31 million per month or \$365 million per year.

The government refused in its June 28 budget to do anything that would bring its spending in line with the value of its assets. Any private enterprise with revenues that only equalled 75% of its expenditures and gross debt that was more than double the value of its net assets would be forced into receivership. The government has bankrupted our economy and has no idea or inclination to change its policies in order to bring about real recovery.

Prince paving postponed

The repaving of Prince Street in Minden may have to wait until next year, following a report by planning consultants from the firm of Totten, Sims and Hubicki, at a Minden council meeting Monday.

Gord Crosby told the meeting that work planned

for Prince Street could not be carried out on a daily basis, and that the operations involved would necessitate closing off the street altogether.

"Closing the road off will end tie ups with truck traffic at the bridge," Crosby

explained to council Monday. "We'll save a lot of production time and get more out of our money if we close the street off altogether," Crosby told the group.

Councillor Lyle McKnight agreed with Crosby's plans for the work. "We should concentrate on getting all the lumps out of it," McKnight said. He also suggested that repaving work be postponed until next year, giving the work crews ample time to ensure that the surface is properly graded.

Regrading work has now been rescheduled to begin after Labour Day.

(from page 7)

to meet the ever increasing demands the soil and the sea will be overworked. Eventually both these ecological foundations will stop. This scenario is a possibility. But, there is HOPE and that HOPE is YOU.

Solutions to the ills that are making life hard are possible. The solutions are strongest if they suit the local conditions. This is achieved if they are created locally, that means by you and me. I am suggesting the formation of a county group. The focus would be education (learning and teaching) and political action (where is our train?)

If you are a caring person, adolescent, senior citizen or in-between, male, female, or in-between, from Wilberforce, Lutterworth Pines, or in-between; full time, or summer resident, or in-between; a relatively new resident, or your family has been here for generations, or in-between; - there is HOPE and that HOPE is YOU.

If you are interested send a card or letter to the address at the bottom of this letter. Include your name, address and telephone number. If

enough people show an interest an inaugural meeting will be set up.

Gary Kenney

• I am 36 years of age and with my wife Rosey have lived and worked as a permanent resident of Haliburton County since 1975.

• I have experience as a sales co-ordinator, sales manager, and marketing manager of one of Canada's largest and most diversified plastic manufacturers of industrial process systems.

• In 1973 I began to operate my own company. Currently "The Blairhampton Alternative Resource Inc." is involved in the design and construction of log homes, mail order sales of timber working tools throughout Canada and the U.S.A., and log building courses and apprenticeships.

• Our Blairhampton farm is an exciting venture for us into the field of alternative energy forms (wind, solar, wood, sweat). Its successes and failures teach us much about the value of re-ordered lifestyle priorities for the coming years.

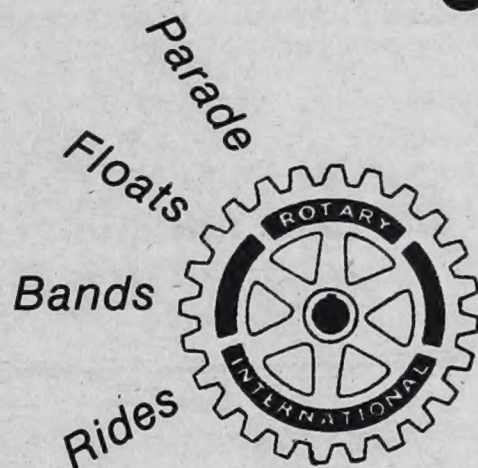

• I am a hard working individual with energy and ideas I'd like to offer in service to our community. I pursue projects with determination - sometimes to a fault. I tend to be frustrated by any compromise on issues that relate to government responsibility.

• I welcome an opportunity to meet with individuals, groups, and associations of permanent or summer residents. My phone number is 705-286-2817. Thank you for your consideration.

Action packed week for end of Ladies season

The final week of regular season play in the Ladies Softball League was action packed.

The Haliburton team had a good start to the final week last Wednesday, defeating the Minden Juniors by a score of 7-4.

One of the season's best matchups was played Monday in West Guilford. The Minden Dixie Lee team took on the West Guilford Nine and went nine innings before coming out on top 12-5. Minden scored twice in the first and third innings and brought in a single run in the second to go up 5-0. The Dixie Lee girls kept West Guilford off the scoreboard until the fifth inning, when the home team exploded for five runs to tie the game. Strong defensive ball kept the score deadlocked for the sixth and seventh innings, and the two teams decided to play extra innings.

The eighth inning was a tight one, with both teams held scoreless. In the top of the ninth, however, Minden found the mark and erupted for seven runs on well-timed hits from Helen Burk, Anne Hewson and Lyn Winans. In the bottom of the ninth the West Guilford girls could not get past second base, so the game ended with Dixie Lee on top 12-5. Anne Hewson pitched the win for Minden, while Joan McKay took the loss.

Tuesday night Dixie Lee tangled with Carnarvon and again came out the victors, this time by a score of 13-5. Rhonda Wilson, Judy Jackson and Marlain Wilson led the Dixie Lee team, with Nelda Cully getting the win from the mound. Shirley Harrison went four for four at the plate for Carnarvon. Lil Gorveatte took the loss.

While Carnarvon and

Minden battled it out in Minden Tuesday, Haliburton was handing Wilberforce a handy 14-9 defeat. The Haliburton squad was not shy about hitting from Wilberforce plate; Marla MacNaul and Miriam Smith had strong games for Haliburton, while Chris Storey and Jo Olszewski each bagged homers for Wilberforce. Nancy Maughan was the winning pitcher for Haliburton. Gail Rowbottom and Jo Olszewski shared the loss for Wilberforce.

The Carnarvon team was

still licking its wounds from its loss to Minden Tuesday when they came up against a merciless West Guilford squad Thursday night. The West Guilford team dealt the unsuspecting West Guilford ladies a 29-9 defeat.

Wilberforce was hot the same night against the Minden Juniors, rapping in

Haliburton	20	15	5	30
Minden Dixie Lee	20	14	6	28
West Guilford	19	13	6	26
Minden Juniors	18	10	8	20
Wilberforce	19	5	14	10
Carnarvon	20	1	19	2

28 runs to take the game 28-16. Cindy Ablett, Gail Krupa, Judy Barras and Jo Olszewski were the heavy hitters for Wilberforce. The Juniors had strong hitting from Terry Dillon and Werna Blakey. Gail Rowbottom turned in her best game of the season from the mound for Wilberforce, while Cheryl Dillon took the loss for the Juniors.

Here are the league standings to date:

The Lindsay Ladies claimed the championship trophy in the fourth annual Ladies Softball Tournament. They defeated Little Britain in the final game 8-4. In the consolation round, Woodville downed West Guilford 9-6. Sixteen teams took part in the three-day tournament.

Hustlers lose battle for lead

The Rockcliffe Hustlers lost their battle with Lindsay for first place in the Men's Tri-County Softball League Wednesday night, bowing to the Lindsay York Tavern Club 7-1 in a closely fought game.

Lindsay opened the scoring with a run in the third inning, but the Hustlers hustled back in the fourth to tie the game on a home run from pitcher Barry Shaw.

The sixth inning belonged to Lindsay, however. The York Tavern team smashed in

six runs and the Hustlers never recovered.

Dan Ellicott took the win for Lindsay and Minden's Barry Shaw took the loss.

The Hustlers strengthened their hold on second place Sunday with back to back victories Sunday in Lindsay. Greg Newell pitched a five hitter for Minden in the first game of the day, leading the way to a 4-2 win over the Lindsay Midgets. Newell added two hits to a strong effort for the Minden boys,

while Barry Shaw and Dave Nicholls had two hits each.

In the nightcap, Minden eked out a narrow victory over the York Turbo, coming away with a 3-2 victory. Minden went up by a single run in the fourth inning, but Turbo bounced back in the bottom of the fourth to tie the game 1-1. The game remained at that score until the seventh inning, when the Hustlers batted in a pair of runs to go ahead 3-1.

The last half of the seventh

warmed up considerably. Lindsay added a run to draw within one, and put two men on base to threaten the Hustlers. The Minden squad dashed the Turbo's hopes with a timely double play and went home the victors. Jack Snell pitched the win for Minden.

Tonight at 8:00 p.m. the Hustlers will take on the Lindsay Juniors, who are four points back with a record of 10-6 to Minden's 12-4. The game will be played at the Minden diamond.

Bobsled team returns for Heineken Yard

If you see four men pushing a bobsled down the Main Street in Minden this Thursday, don't assume they took a wrong turn at Inuvik. They are actually part of the tenth annual running of the Highlands oldest foot race, the Heineken Yard.

The four men are members of Canada's national bobsledding team, and they'll be pushing their four-man sled - mounted on training wheel suspension - over the last mile of the course. This will be the second year the team has participated in The Yard. Their sled, which will be used by the squad in the 1984 Winter Olympics in Sarajevo, Yugoslavia, will be on display after the race.

Last year The Yard which was introduced by the staff of Onondaga Camp in 1972, was host to a field of no less than 205 runners. Dr. Robert

Moore, who has broken the top-ten four times in the Boston Marathon and won Canada's Master's Marathon Championship in Vancouver in 1981, took first place in the Men's Master's division last year, and Scotland's top distance runner, Graham Milne, also competed in last year's event. The winning time for the 4.5 mile course was 22:56, turned in by Trevor Strand.

But the Heineken Yard is not a race for dedicated athletes alone. In the ten years that the race has been run in the Highlands, competitive and pleasure runners alike have participated in the 4.5 mile (7.2 km) race. The race begins at Onondaga Camp Gate on Deep Bay Road at 4:30 p.m. sharp and proceeds along Deep Bay Road to Minden, where it finishes with the sprint down Main Street

to the Rockcliffe Hotel.

Here is the Race Day Itinerary for Thursday's running of the Heineken Yard:

2:30 p.m. - Registration begins at Onondaga Gate

4:00 p.m. - Registration closes

4:30 p.m. SHARP - Race starts

4:53 (approx.) - leading competitors finish

5:30 p.m. (approx.) - Last runners finish

5:45 p.m. - Officials complete race results and make awards presentations at the Rockcliffe Hotel

Runners will compete in Open, Masters and Junior classes for both men and women, with prizes going to the top ten placing runners.

The first three to finish in each division will also receive trophies from the two sponsors of the race, Heineken and Brooks Athletic Shoes.

Race organizers are reminding Minden residents to use caution when driving on Main Street during the running of The Yard. Motorists are asked to use particular caution when driving in the vicinity of the Rockcliffe Hotel between 4:30 and 6:00 p.m. on race day. Special barriers and detours may also be erected for the protection of runners and bobsledders.

Whether you are a runner or a spectator, The Yard should provide quite a spectacle this Thursday.

Fight Them All

High Blood Pressure
Rheumatic Fever

outdoors

by Ron Reid - Federation of Ontario Naturalists

At last count, 272 different species of birds had been known to nest in Ontario. That means 272 different kinds of nests, encompassing an incredible variety of locations and constructions. Most of us are familiar with the mud cap of a robin and the primitive gravel scrape of the killdeer, but the more exotic nests are not so well known.

The Audubon Society's Encyclopedia of North American Birds is always a source of endless information on topics such as this. Did you know, for example, that the largest known nest on this continent was that of a bald eagle, which over the years amassed two tons of sticks in a nest 20 feet deep and 9 1/2 feet across? Or that of the smallest belongs to a ruby-throated hummingbird, with a nest barely one inch across? Or that more than 30 species of birds use snake skins in their nests, with the winner in this category undoubtedly being the great crested flycatcher, whose nest holes have contained skins of at least five different kinds of snakes?

The Encyclopedia throws in a few oddballs as well. In California, a pair of canyon wrens built their 8-inch-high nest on the ledge of an office building. Suitably enough, they used office supplies exclusively for their nest, including paper clips, rubber bands, wire, matches, toothpicks, and so on. A brown thrasher, which nests commonly in Ontario, softened the cup of its nest with a five-dollar bill!

A few birds, mostly hawks and owls, use the same nest year after year or "borrow" a nest built by another species. Great horned owls almost never build their own nest, preferring those of crows or hawks. Some sturdy nests have a succession of owners, such as the stick nest built by a Cooper's hawk that was used in following years by great horned owls, then by red-tailed hawks, and finally by barred owls. For most of our birds however, each spring means a new round of nest-building, in a shape unique to that species.

The Setting

A pleasant dining experience awaits the the diner who visits **The Schnitzel House Restaurant**, on Highway 35, Minden.

Not only will you be pleased with the tasty and extensive menu that awaits your sampling, but you will find the atmosphere convivial and relaxing.

Of course, the specialty of the house is schnitzel, that famous Viennese dish. You can try a variety of dishes featuring this tastily prepared, tender slice of veal. Each has its own special character and taste, and it's worth dropping back again and again to try them all.

Schnitzel, though the specialty of the house, is not the only item on the menu. There are a variety of other German and Austrian specialties, each prepared and served in a fine European tradition. The menu also includes an excellent variety of traditional North American dishes.

The Schnitzel House has a special luncheon menu, featuring lighter meals perfect for these warm summer days.

You'll be welcomed at the Schnitzel House by your host Irma Homestead and her friendly staff. The main Duke of Minden dining room features interesting European appointments and a casual relaxed atmosphere. Or for a more intimate meal, try the Hunter's Den.

The Schnitzel House is fully air conditioned for your dining comfort. It is open daily, except Tuesdays from 12 noon to 10 p.m. Fully licenced under the LLBO, all major credit cards are accepted. Call 286-2118 for reservations.

Meetings will present land use policies

Open houses across Southern Ontario have been set up to give the public a chance to participate in the land use planning process of the Ministry of Natural Resources. Scheduled for August, these events will display the recently completed district strategies which show that the Ministry has proposed for Ontario's Crown Land. Alan Pope, the Minister of Natural Resources, has invited the public to comment on these plans.

The open house for the Minden District will be held August 21 at the municipal office.

A group of conservation organizations stresses the importance of public participation in this process. "Mr. Pope said he will base his decisions on the plans on public comment, so it is important for Ontario's residents to go to the open house and say what they want done with public land," said Nancy Patterson, of the Federation of Ontario Naturalists.

Crown Land makes up 87% of the province's land base. This land belongs to the residents of Ontario and is managed by the Ministry of Natural Resources. The plans

displayed at the open houses are to be altered in light of public comment received, and then sent to Mr. Pope for final approval.

Slated for implementation in 1983, the plans will assign

public land to various uses, such as forestry, mining, cottaging and parks, for the next twenty years. These critical decisions have industry and interest groups scrambling for their share of

the land resource.

Conservationists fear that commitments to industrial development may squander Ontario's natural heritage. "By the end of this year, industry will be firmly

established on the land assigned to it in the plans. If we don't get more parks now, our future choices are non-existent for wilderness parks,

Band finds their services in demand

Booked now for Parades, concert and C.N.E.

What started out as a fun project for a number of Highlands High School students has turned into a profitable and entertaining summer project.

The seven young people are members of the Dixieland Ambassadors a band which is rapidly finding its engagement calendar filling.

According to spokesman Mike Amyotte, the idea of forming the band came to him after seeing a similar aggregation formed at a summer camp. He got the group together in December of last year and their popularity and proficiency has been growing ever since.

We received a great deal of help and encouragement from the HHSS music teacher, Rick Vaughan, Amyotte commented. "We intended originally to play at a number of school concerts and simply have a good time."

The band did play the concerts and were invited to take part in the annual Festival of Fun. It was at that concert that the recreation director of Deer lodge on Lake Kashagawigamog saw the Ambassadors in action. She felt they would make an interesting addition to the lodge's summer entertainment schedule and asked the group if they would play during the summer.

After some changes in personnel, to accommodate the students who would be away for the summer, the band agreed to take on the 11 bookings offered by the lodge. They played their fifth engagement at the lodge Monday night. The show lasts about an hour and includes favourite Dixieland numbers that drew praises from the audience and kept every toe atapping.

Since the Deer lodge dates were confirmed the band has also been booked to play in the Minden and Haliburton Rotary Club carnival parades, will present their own concert August 5 in the Haliburton bandshell and will also be featured on the Rails' End Gallery boardwalk during the opening of the Love of Metal show.

But, perhaps the most important booking the bank has received is a date at the Canadian National Exhibition. The Dixieland Ambassadors will be part of the Senior Citizens Day entertainment September 2 at the Ex.

"We still have some openings," Mike comments, "so if anyone is looking for some local entertainment, we can provide it."

Members of the band include Mike on trombone and band leader; Craig Saunders, the group's manager and trumpet player; Jennie Woods who plays tenor sax and looks after the money; Wendy Laking, another tenor saxophonist and is the advisor; Cathi Woods, clarinetist; Sean Saunders on bass guitar and Rick Barnum on drums. Wendy Laking is a University of Toronto music student who is teaching an arts class in Haliburton and also instructing a musical class in Minden.

The age of the high school students ranges from 15 to 18.

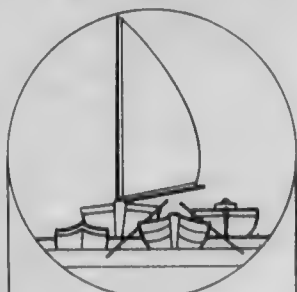

The group hopes to continue into the new school year and has its eye on the province wide band competition. According to Mike there are only three other Dixieland bands in the province, so he feels their chances of making it to the Canadian finals is excellent.

County residents will get their first chance to assess the future of the band tonight (July 28), as the group will be featured on one of the floats in the Minden Rotary Club carnival parade. The group will also be sporting new uniforms, which they say have been designed to add to their Dixieland motif.

Members of the Dixieland Ambassadors include, from the left, Wendy Laking, Jennie Woods, Mike Amyotte, Craig Saunders, Shaun Saunders, Cathi Woods, and Rick Barnum, centre.

The band has been playing regularly at Deer Lodge and Lake Kashagawigamog, where they have been entertaining guests with their renditions of Dixieland favourites.

The Times

spot the shot contest

Each week during the summer, we'll publish a photograph, like the one below, of a familiar scene in the Haliburton Highlands. All you have to do is identify the scene and you could win

\$20 gift certificate

redeemable at either the Minden or Haliburton

Foodmaster.

The winner will be chosen by lot from all the correct entries received by the closing date. Entries can be dropped off at The Times office Minden, sent to Box 97, Minden or placed in the contest boxes at the Minden or Haliburton Red and White Foodmasters.

There will be a new contest each week, so keep your eyes peeled and try to spot the shot.

Fishing is a popular sport in this lake as is swimming. Can you name the lake pictured above? Send your entry, indicating your name and address to The Times, Box 97, Minden, or put it in the entry boxes at either Minden or Haliburton Red and White Foodmasters. Contest closes August 9. The winner will be announced in the August 11 edition of The Times. Please indicate contest number 5 on your entry.

— WINNER —

The winner of contest number three was Jeremy Phillips of Minden who correctly identified the scene as Pine Lake at West Guilford. The photograph showed the swimming area that is part of the West Guilford Community Centre. Other entrants who correctly identified the shot were: Cathy and Keith Wallace of Boshkung Lake; Lynn Stamp of West Guilford; G. Herron of Toronto; Jean Lacey of Minden; Audrey Fountain of R.R. 1 Haliburton; and Nora Morrison of R.R. 1 Haliburton. Thank you to everyone who entered, now try your luck with the shot above.

Minden fireman Les Hogg examines the scorched engine of a 1971 Plymouth damaged by fire Monday afternoon. The car belonging to David Hartin of Kinmount, burst into flames at the junction of Highways 121 and 519 north of Kinmount. Hartin escaped from the vehicle unharmed. Fire department officials believe a flooded carburetor caused the damage.

Lutterworth seeks ratepayers' support in hazard land zoning dispute

The following is a text of a press release issued this week by the Municipality of Lutterworth regarding the status of hazard land zoning for its recently released Restricted Area By-law 4-81.

At the July 13, 1982 Special Meeting of the Municipal Council with the Township's Planning Consultant, the Council passed the following motion:-

"Moved by Bill Prentice. Seconded by Bill Valentine. Be it resolved that, subsequent to Council's thorough review and consideration of the zoning of lands throughout the Township within an Environmental Protection Zone, as requested by the Ontario Ministry of Natural Resources, By-law No. 4-81 shall not be amended to incorporate such a zone classification and related regulations. Carried."

The Municipal Council of the Corporation of the Township of Lutterworth has, in passing this motion, taken a position with respect to its new Restricted Area By-law Number 4-81, which it feels is in the best interests of the residents and the property-owners in the Municipality.

The Ontario Ministry of Natural Resources has developed a 'provincial policy' regarding the protection of lands that they believe are susceptible to flooding, from the encroachment of structural development or major landscape alterations. The Province is therefore pressing municipalities to

implement this policy in their planning documents.

In view of the fact that the final form of the new Township Restricted Area By-law Number 4-81, as amended, does not contain any hazard land mapping or zone provisions relating to environmental protection, the Ontario Ministry of Natural Resources has objected to the Ontario Municipal Board on the basis that the 'Provincial Policy' has not been implemented in the Lutterworth Township Council's latest planning document.

At a special meeting of the Municipal Council and the Municipal Planning Consultant with representatives from the then Ontario Ministry of Housing and with the Ontario Ministry of Natural Resources' Huntsville Regional Planner, held on June 9, 1981, the Provincial representatives viewed the Township's 'hazard land mapping', duly prepared in accordance with the Terms of Reference for By-law Number 4-81, as 'suspect', and stated to the Members of Council that any provision in the Environmental Protection Zone Regulations for the relief of lots of record affected by this zone classification would be unacceptable to the Province. In view of this inflexible stand taken by the representatives from the Ontario Ministry of Natural Resources, the Municipal Council believed that the only course of action open to it was to eliminate any

such zone classification and associated mapping and regulations from the Township's new comprehensive 'zoning' by-law.

Following the mandatory public circulation of the new Township Restricted Area By-law Number 4-81, and on account of the objection raised by the Ontario Ministry of Natural Resources to this document's approval by the Ontario Municipal Board, together with that Ministry's request for further dialogue with the Municipal Council and its Planning Advisor, Council and the Municipal Planning Consultant again met with provincial representatives on March 25, 1982, in the presence of the Municipal Solicitor. At this meeting the representative from the Ontario Ministry of Natural Resources agreed to a review of the Township's initial approach to environmental protection zoning and flood plain mapping, have a regard for safety, development trends and the physical character of Lutterworth Township.

After a lengthy period of delay, the Natural Resources Ministry finally, by letter dated June 17, 1982 to the Municipal Council, agreed to the Township Council's 'original' approach to Environmental Protection Zoning and gave its approval to the related Township mapping of Environmental Protection Areas.

For the Township Council

to now authorize an amendment to the Township's Restricted Area By-law No. 4-81, in order to implement Environmental Protection Zone provisions and related mapping and regulations, would require a second general circulation of the amending By-law, at considerable additional cost, to all Municipal rate-payers, government departments and agencies, and would further delay the processing of By-law Number 4-81 through the Ontario Municipal Board. Already, the Municipality has had its new Restricted Area By-law lodged with the Ontario Municipal Board since late in January of this year, awaiting scheduling of the same by the Board for public hearing.

Council believes that the intent of the Province to implement a general policy, regarding protection to persons and property, throughout the Province should not be allowed to bring hardship to the property-owners of this Township, whose lands would be affected by this restrictive zoning. Such individuals would suffer heavy financial loss, through the devaluation of their properties, aside from the loss in human terms where the lands are being held for future personal use, as for example a retirement home. If Lutterworth Township were developing at a profoundly rapid rate into an 'urbanized' area, then perhaps there would be some justification

for the need to consider implementing Environmental Protection policies. However, in view of the limited pace of development in this region and the minimal growth in population, such a policy is not considered by the Municipal Council to be necessary, or even justifiable,

in this Township.

The Council, therefore, wishes to enlist the active support of our ratepayers and residents in rejecting this 'Provincial' policy, which if implemented, would adversely affect the value of land in much of our Township, without adequate reason.

NOTICE

CONSERVATION OF WATER Townships of Anson, Hindon & Minden

Due to the hot dry weather excessive water has been used for watering lawns and gardens, thereby reducing the volume of water.

All persons on the Municipal Water System are urged to practice restraint by watering lawns and gardens before 9:00 o'clock in the morning and after 8:00 o'clock in the evening.

This message is issued to avoid a possible fire hazard situation due to low water volume.

senior league

by Bert Harrison

Well folks, our gazebo is almost complete thanks to the builders who have built it so neat.

It is a lovely building. We can look on it with pride. It will surely be nice when we can be sitting inside.

Rev. Burgess took the service on the 18th day of July, a real nice service, and I will tell you why. The Thompsons came this service to share. Harold read the lesson, his wife played the music, and led us in prayer. Then Rev. Burgess took over from there, and he surely wasn't slow to tell us that if we didn't live a godly life, where we just might go.

Watched four real interesting movies Monday night.

We have two fine ladies retiring from here after serving so faithfully for so many years - Mrs. Muriel Welch looking after the books, and what else, goodness knows - and Mrs. Walker ten years looking after our clothes. They are leaving here with the deepest regret.

When we think of their going our eyes get all wet. But they say they must go, whatever betide. Our prayers go with them, and may God be their Guide.

Winnie Johnson has gone to her old home at Maple Lake for a whole week. We will miss her when she is away.

Tuesday morning Rev. Miller took the service, this nice July day. Mrs. Taylor came to play. He said we should live one day at a time - yesterday has passed, tomorrow hasn't come. Just live each day and our duty do not shun.

Tuesday night the Watson-Smith trio came, with two helpers we didn't know. They played some real live tunes and put on a good show. A good time was had by all. Take your corner lady and promenade the hall.

The ladies in the craft room are making items for their Christmas bazaar - also lovely flower-carts and things made by Teddy Carr.

The Hall's Lake ladies put

on the lunch this lovely Thursday. Sorry we missed it for we were away.

Thursday night was bingo night, and goodness sakes alive. Millie Wood won all the money - one dollar and seventy-five.

Friday afternoon is sing song time here at this place.

Across the way, a charming lady lives whose first name is Grace. She comes in each week to lead us in the singing. She read about the spider and the fly, and sang "God Bless This House" and "How Great Thou Art". Fred Ballard also came along to do his vital part. We thank them both for coming both to sing and play. It helps make for us a real perfect day.

Smile

Nobody ever added up the value of a smile, We know how much a dollar's worth, and How much is a mile. We know the distance to the sun

The size and weight of earth, But no one's ever told us yet, How much a smile is worth.

It's a
SMURF
invasion

Eakins selected for northern study

M.P.P. John Eakins has been selected as one of six M.P.P.'s to represent Ontario at the Regional Conference of the Commonwealth Parliamentary Association meeting in Yellowknife, N.W.T.

The Conference will be held from July 31 to August 7.

Do you know?

QUESTION: "Haliburton County was once the home of giant white pines. Are there any left in the area and if so, can we go and see them?"

ANSWER: There are two stand of virgin pine in Algonquin Park. Unfortunately they can only be approached by water or seen from the air. The first one is at Dickson Lake. It contains the oldest trees in the Park, over 340 years of age. The second stand can be seen a mile up the trail from the dam on the Crow River. Giant pines, over 35 metres high, tower through mature hardwoods in this location.

If you plan to tour the interior of Algonquin Park in a canoe, you can reach both sites easily. A Ministry of Natural Resources publication - "Algonquin Provincial Park Canoe Routes" shows the exact location of the virgin forests.

For additional information call the Haliburton County Information and Referral Centre, Drag River Municipal Building, Haliburton. Office hours 10 a.m. - 2:30 p.m., Monday to Friday. Telephone 457-2733.

Others attending from this area include the Honourable John Turner, Speaker of the Legislature, and Hugh O'Neil, M.P.P. for Quinte.

John Eakins said that this will be a rare opportunity to meet with other parliamentarians from across Canada, and to focus on understanding the northern part of

Canada, especially the difficulties and challenges of representing such a vast and sparsely populated region.

The Commonwealth Parliamentary Association, which is world-wide, provides the sole means of regular

consultation between Commonwealth Parliamentarians, and irrespective of race,

religion or culture, are united by community of interest, respect for the rule of law and the rights and freedoms of the individual citizens. Through conferences, meetings, seminars and the exchange of parliamentary delegations the association seeks to further understanding and co-operation among parliamentarians.

As part of the northern tour Mr. and Mrs. Eakins will visit Rankin Inlet on Hudson Bay for three days prior to the conference.

Juvenile fiction

Title: Aldo Ice Cream.
Author: Johanna Hurwitz.

In this book Aldo Sussi goes on in his ninth year to meet some new people. This summer he decided to try all 30 flavours of ice cream and also helps his Mom with Meals on Wheels. It tells of his visits with older people and how he wishes to buy an ice-cream maker for his sister Karen's birthday. Makes good reading for his age group.

Juvenile non-fiction

Title: Animals In Danger.
Author: Warne.

A well-illustrated book dealing with animals, birds, reptiles which may become extinct and how help can come to save these.

Adult fiction

Title: The Judas Kiss.
Author: Victoria Holt.

The Judas Kiss is the latest addition to Victoria Holt's unbroken string of international best-sellers, of which more than fifty million copies have been sold. She is one of the most popular authors in the world.

Her twentieth novel, an exciting tale of intrigue in the Bavarian Alps, takes the reader to the Grand Duchy of Bruxenstein, where lovely Francine Ewell had eloped with her suitor, Baron Rudolph, heir to the throne. Left behind was her younger sister, Pippa, who must face alone the wrath of their dour grandfather, autocratic master of Greystone, the brooding manor house in

Kent.

Pippa's only solace in her loneliness comes from Francine's letters, which speak of her husband's devotion of their young son, of their intention to bring Pippa to live with them in a land straight out of a fairy tale. But the letters stop abruptly, and Pippa seems doomed to a loveless match arranged by the overbearing patriarch who heads her family. And then she stumbles upon a newspaper clipping that tells of a murder in a faraway country; the victims are Rudolph of Bruxenstein and his mysterious companion, a beautiful English-woman.

Yet Pippa is sure that the companion was her sister and that Francine and Rudolph had indeed married. She is also sure that there was a child. But no one shares her certainty, and soon she realizes that no one really cares to know. But she has to know the truth.

So Pippa sets off across Europe, bound for a passionate adventure, a romance of her own, fraught with danger, duplicity, and irresistible emotion. She sought her sister's fate...but she was to find her own.

Adult non-fiction

Title: Windswept. Author: Robert Bonis. 819.1.

This book was written by Robert Bonis, an Incumbent of St. Paul's of Minden 1931-38. There are photographic scenes of Haliburton County and many poems regarding his life here and in his home in Scarborough.

around the county town

by Yvonne Guida

Rev. Douglas Miller has received a letter of acknowledgement from the British Consulate General in Toronto thanking the 23 donors in Minden for their support and donations on behalf of the South Atlantic Fund which has been set up to benefit the dependents of British servicemen killed in the Falkland Islands invasion. The money has been forwarded to Fund headquarters in London.

Mary Currah and Charles Welch spent a week at Mary's brother's, Russell Lindsay, attending a family reunion at Ashburn. Recent visitors at Mary Currah's, Gelert, were her sister Kate Langmaid, Whitby, Russell Down, Kedron, her niece Shirley and husband Dixon, Georgetown and Lil and Russell Lindsay, Uxbridge.

Last Saturday, Mr. and Mrs. William O'Brien of Lutterworth Estates, attended a large birthday party in Downsview, given for their

nephew David March by his wife Ruth. There were many relatives and friends in attendance including his mother and father, Mr. and Mrs. Stanley March from Picton. The guests enjoyed a delicious buffet luncheon and David received not one but two beautiful Black Forest birthday cakes. It was a lovely day for all with many birthday gifts and good wishes from his friends. We join them in wishing him a very happy birthday.

On Saturday, July 3, a surprise family celebration was held for Mrs. Pearl Lyle at the home of her daughter and son-in-law Jean and George Hewitt. The happy occasion was Mrs. Lyle's 85th birthday and was attended by friends and most members of her family, travelling from Sutton, Ajax, Burlington, London, Agincourt, Cobocok, Haliburton, Minden, Powassan, Sundridge, Oshawa and Toronto. A happy reunion was enjoyed

and the lovely weather permitted lots of outdoor activities. Everyone partook of the delicious buffet supper and the guest of honour cut the beautifully decorated birthday cake which was made by Mrs. Lyle's granddaughter-in-law Judy Miles. The crowd sang happy birthday and wished mother, grandmother and great-grandmother all the best. We wish her the same.

Mrs. Florence Schlosser, her son Jim and his two children have just returned from a lovely three week holiday to the West Coast.

Bruce and Lise Rockory and children, of New Brunswick and Bob Guthrie of Bowmanville have been guests of the John Rockory's this past week.

Mrs. Beatrice Gilbank, who was born in England and came to this country when she was 10, celebrated her 92nd birthday on Saturday at a reunion held at the home of Mr. and Mrs. Harry Cowen. Mrs. Gilbank is the mother of Mrs. Cowen. A lovely party was held in Mrs. Gilbank's honor, with many good wishes including a greeting sent to her from the Mayor and Mayoress, Sydney and Mary Jane Harding of Yeovil, District of Poole, County of Dorset, England. Many friends and relatives were on hand for the happy occasion and we join them in wishing her our very best.

The Phillip Robinson's had their son Bradley from Scarborough visiting them for the weekend.

Phillip and Florence Harrison and Bert and Libby Harrison went to Cannington to visit Mrs. John Gibson last Thursday.

Mrs. R. D. Lewis, mother of Major Glynn Lewis, from Toronto is visiting with the Lewises at Gull Lake.

Timmy and Betty Sharpe, son and daughter of the Reverend and Mrs. Wm. Sharpe of Gull Lake, are visiting in Spokane, Washington for a week.

A group of Scottish dancers mostly from Haliburton, gave a demonstration accompanied by the pipes and a drummer to visitors at the Legion Fair on the evening of the 21st. They were enthusiastically received.

I am sorry to report of the

passing of Mrs. John Heller from Minden, this past week, Mrs. Hans Fluegel of Haliburton and Mrs. Pauline Hubbard from Tory Hill. Our condolences to their families and friends.

Mr. and Mrs. John Kuchelema (nee) Leitha Harrison of Maple Lake are happy to announce the engagement of their daughter Debbie to Mr. Danny McKelvey, son of Mrs. Rowen McKelvey and the late Buster McKelvey of Minden. Marriage to be announced later.

Mr. and Mrs. Aubrey Harrison of Peterborough, are enjoying a vacation at their cottage at Maple Lake. They have just returned from a trip to Manitoba and were accompanied by Mr. Harrison's sister, Mrs. Edna McElwain of Gelert and his brother Clayton Harrison.

Beginning Saturday, August 31st through August 7th, there will be an Art Show and sale of paintings done by local artists, - approximately 17 artists will be represented, at the Agnes Jamieson Gallery. The show promises to be an interesting one so do drop in to view the paintings and perhaps you will find something you have been looking for. Coffee and cookies will be served on Saturday.

Children, don't forget the free movies shown every Friday evening in the Common Room of the Minden Cultural Centre, starting at 7:15 p.m. Cartoons and stories will be shown.

Also keep in mind the St. Paul's Thrift Shop open Friday afternoons. Come and take advantage of the great buys.

A very happy Birthday to James Voicoy of Hyland Crest Senior Citizen's Home who celebrates his birthday July 26. Best wishes and many, many more James.

Don't forget the Horticultural Society Show being held in the Minden Arena Auditorium on August 12 and 13. Theme will be Sunshine, Lollipops and Roses. Information may be obtained from Jean Lacey.

Calorie Counters had a very successful bake sale on Monday. Their goodies were all sold in record time so the girls made a great profit for their organization.

Land use policies

(from page 14)

and limited for others," said Arlin Hackman, of the Wildlands league. "Besides, all the candidate parks represent only 5% of the productive forest land. That isn't too much to ask," he said.

"Protection and recreation are the two goals of the parks system. We want Mr. Pope to live up to these goals in the plans," said Grace Patterson,

of the Canadian Environmental Law Association. "The Ministry has pledged the people of Ontario a good Provincial Parks system. It is up to the public to make sure it is delivered," she said.

Conservationists across the province joined her in encouraging the public to participate now in the Crown Land decisions. The deadline for public comment is August 31, 1982.

Something special for you

Friday 13th

Keep watching THE TIMES for details.

CARD OF THANKS

The family of the late Irene Sawyer wish to thank all who sent cards, flowers, contributions and the women who served lunch after the funeral service. A special thank you to James Cooper and Gordon Monk Funeral Home. 7D

I wish to thank Dr. Lodenquai and the nursing staff of the Minden Hospital, also friends and relatives for their help, kindness and best wishes while I was in Hospital.

Jean Lacey

The Haliburton County Ladies Softball Association would like to thank all the

CARD OF THANKS

individuals who helped make our softball tournament a great success. Special thanks to: Carnarvon Lumber - lime; Rob Young - P.A. System; J.A.C. Kernohan - watering field; Steve Bowskill - defogger; Mac's Country Mart - stamper; Easton's Red & White - vouchers; Labatt's (Frank McConnell) - prizes; Micky & Raymond Anderson - food booth; Men's Baseball Team - gates; Babysitters and Gate Attendants and Umpires; George Nicholls - schedule; Ken Alger - field maintenance; Jack and Janet Hewson - barbeque; Doug Warnes, Tom and Jean Gough, John Hewson.

Thank you, yours truly,
The Executive: Joan Alger,
Diane Warnes, Jane Symon,
Helen Burk and Ann Hewson.

AT REST

GRETE MARGARET HELLER, Ph.D. - suddenly at the Ross Memorial Hospital, Lindsay on Thursday, July 22nd, 1982 in her 74th year, beloved wife of John Heller of Minden, loving aunt of Darlene, Jenny, Shirley & Tricia.

Resting at the Gordon A. Monk Funeral Home, Minden from 2:00 p.m. Sunday until 10:30 a.m. Monday, then to Our Lady of Fatima Church, Minden for Funeral Mass at 11:00 a.m. Interment Minden Cemetery.

IN MEMORIAM

KENT, Jean - In loving memory of a dear wife, mother and grandmother who passed away July 25, 1981.

They say memories are golden
Maybe that is true
But we never wanted memories,
We only wanted you.
It broke our hearts to lose you
But you did not go alone,
Because part of us went with you
The day God called you home.

Always loved and remembered by husband Earl and family.
